Café au Jardin

After you've created the garden of your dreams, it's time to rest and gaze upon your handiwork. At Genevieve's, there's an antique-look café table with matching chairs that's perfect for serving iced tea or a light lunch for two. The rusted-white wire bistro set weathers naturally outdoors, but it would also look sweet on a patio or deck. Formerly known as Picketts N' Twiggs, this home and garden boutique is operated by Christi and Spencer Tacy, who changed the name last year in honor of Christi's grandmother. Genevieve's Home and Garden Decor, 55 Front St., Ballston Spa, (518) 885-7276, www.genevievehomeandgarden.com. Café table and chairs, \$269.99.
